Subject: RE: Press release on Navy actions in Sinclair Inlet
Date: Saturday, January 07, 2017 10:38:32 AM

Thanks Peter. You did a very good job managing the call w/ the Navy yesterday. I also wanted to let you know that Tara will be sending around our draft technical comments on Monday for final INTERNAL review and editing among a slightly broader review team so that the document is in a form that can be shared externally if requested. It should be ready to share w/ the Navy by Wed COB.

Reviewers to include:

Andrea LaTier - Ecotox

Karen Keeley - RCRA

Burt Shephard - Ecotox

Dino Marshalonis – quantification issues

Justine Barton – sediment standards

Adams – fresh eyes for over-all review document and sequencing of comments.

I'll be back in the office Wednesday morning – unless I get stuck in the Methow....

All, see attached. The Washington Environmental Council gave me a courtesy call on this about an hour ago.

I have forwarded to our EPA leadership team and PAD in the region but wanted you all to have this as well.

Thank you,

Peter
